

International Student End of Year Programme

In Term 4 in New Zealand, senior school students - years 11, 12 and 13, finish school after 4 weeks of term time in order to study for and sit exams. As many of our international students are not sitting exams we organise a special programme. This runs over 3 weeks of school time. Money is used from tuition fees in order to run the programme hence there is no extra cost to the students. Every year is different. These are some of the possible activities:

- Screen printing a T shirt
- Taking photos
- Creating a photobook
- Writing about their stay and making a booklet
- Visiting Cape Kidnappers and the Gannets
- Hawke's Bay internationals athletics day
- Crazy Golf
- Ocean Spa day at the pools
- Splash Planet water park
- A tour through MTG Museum and Art Gallery (Art Deco and the Earthquake)
- A local bike tour
- Making a video in a group
- A 4 day camp to places like Mahia (beach location) or Wellington
- Pounamu carving
- Surfing lessons
- Walking the Tongariro crossing
- A local bushwalk - Tangoio Falls

End of Year International Programme

Learning Hawke's Bay End of Year BBQ

International students and international ambassadors from across Hawke's Bay, gathered for a game of crazy golf and a very yummy Barbeque dinner as an end of year celebration. Many of the students will be heading home or off to university and will be sorry to farewell good friends they have made.

Nina, Ticha, Hannah and Winnie joined other Hawke's Bay internationals for the end of year fun.

Some of the end of year trips and activities.

Students write about their activities for our termly newsletter.

Ranui Farm Trip

During the farm trip, I remembered everything from the farm trip because I was studying in Puketapu school Napier for a year. For me, Napier is a place with a large paddock. I studied surrounded by paddocks. I felt like I came back to Napier. We also gave milk to baby sheeps. The two baby sheep are the farmers' pets and not for sale. They were so cute.

Having conversations with people of many nationalities was so cool. The students who have similar backgrounds are doing their best to learn English and it gave me inspiration.

I decided to study and be more active than other international students.

A Trip to Te Mata Peak in Hawke's Bay

Pounamu carving in the art room.
Students create their own greenstone/pounamu pendant.

Hannah and Pauline visiting Hobbiton

Hawke's Bay Internationals fun activities day

International students from around Hawke's Bay met for a fun activities day at one of the local high schools. They enjoyed meeting other internationals from Havelock North, Napier Boys, Taradale High School and Tamatea High School and competing against each other at activities like unicycling and catapulting. Students shared a yummy lunch together. The day culminated in a water Balloon game between the 30 students from Napier Boys and students from the combined schools. A fun time for all.
